Here are my thoughts and brief comments on the files you asked me to go through. I'm not sure how helpful they will be, I tried to keep it simple. I would have liked to go into more detail, but I ran out of time. (Some of those files are huge to read through!) Anyhow, good luck with them.

---

USPS- You said we weren't going to bother

Aeronoa- Really weak, I wouldn't bother if there are enough others

CLTL- Seems like a pretty good candidate

Clarke- Seems pretty solid

Cytec- Kind of weak, but not impossible

Formica- Really weak, but not impossible

Georgia Pacific- Pretty good, but small potatoes

King Container- Seems really solid

Newell- Seems good, not great

Oxy- Pretty good

Proctor & Gamble- Pretty good

Elsa Skinner- Pretty solid
